Motore	Kubota
Energia	15 HP
Profondità di scavo	2150 mm
Lunghezza	2400 mm
Larghezza	1100 mm
Altezza	2250 mm

Descrizione

The GG1600 is a heavy-duty mini excavator at 1600 kg, powered by a Kubota 15 HP engine with movable arm and expandable tracks. Its substantial weight delivers outstanding stability and digging force for more demanding excavation projects. Ideal for established contractors handling deeper trenches, foundation work, and heavy landscaping. The added mass means less tipping risk on slopes and more confident operation in challenging soil conditions.
