Parametri

Denominazione	Valore
Altezza	2280 mm
Larghezza	1200 mm
Lunghezza	3329 mm
Profondità di scavo	2050 mm
Capacita (m³)	0.06 m³
Peso	2200 kg
Motore	Yanmar Engine 3TNV80F

Descrizione

The GT2000J shares the GT2000's specifications — Yanmar 21 HP, 2200 kg, heated cabin with A/C — but adds double-speed travel for faster repositioning across job sites. This makes it ideal for operators who frequently move between digging positions or work on spread-out sites. Designed for professional contractors who value both powerful excavation capability and the efficiency gains of rapid on-site travel between work points.
